Shayan Shoukat, UM-Flint Software Engineering Student

c: 810.444.2827 | shayanshouk@gmail.com | LinkedIn

PROFESSIONAL PROFILE

- Accomplished Software Engineering student with practical development experience in object-oriented programming, relational database systems, and IT support. Driven by a passion for software development, algorithmic problem-solving, and constructing efficient, user-friendly applications. Aim is to secure the Software Engineer Internship to apply technical skill sets, collaborate with experienced engineering teams, and contribute to impactful software solutions
- **Software Engineering Knowledge:** Strong foundation in C++, SQL, Object-Oriented Programming (OOP), Relational Database Management Systems (RDBMS), and software design principles.
- **Technology & Technical Support:** Hands-on experience executing database queries in Oracle SQL Developer, maintaining system data integrity, and assisting with technical support operations in professional settings.
- **Leadership & Communication Background:** Proven track record in leadership roles managing event logistics, team coordination, public outreach, and technical documentation.
-

EDUCATION

Bachelor of Science in Software Engineering Anticipated: April 2027
University of Michigan-Flint, Flint, MI
GPA: 3.94
Dean's List: Four Semesters.
Relevant Skills & Tools**:** C++, SQL, Oracle SQL Developer, Git, GitHub, HTML/CSS, OOP Design, RDBMS, Software Documentation

SOFTWARE ENGINEERING PROJECT EXPERIENCE

Student, Software & Database Projects August 2023 - Present
University of Michigan-Flint, Flint, MI
● Library Management System (SQL): Designed and implemented core SQL operations for a database-driven system; authored and executed relational queries in Oracle SQL Developer to manage member, book, staff, and fine records while validating query accuracy against operational scenarios
● Cards Against Humanity Digital Game (C++): Led primary software architecture in C++, authoring core game logic, player state management, and documentation; sanitized input card datasets to align with university standards while preserving interactive game flow.

PROFESSIONAL DEVELOPMENT

Software & IT Support Intern April 2025 – November 2025
Flint, MI
● Assisted with daily administrative technology tasks, technical support, and database/data management operations in a professional healthcare environment
● Collaborated across operational teams to streamline internal computer system support requests, record management, and staff technical needs.

President, Muslim Student Organization September 2022 - September 2023
Grand Blanc High School, Grand Blanc, MI
- Planned, administered, and provided follow-up of events geared to increase awareness and membership, leading to growing marketing skills.
- Gained basic financial skills by understanding budget and organizational financial needs.
- Enhanced project management skills by using Microsoft Office programs to document fundraising progress and reporting results to key staff and members.
- Recruited students through social media, advertising campaigns, and word-of-mouth.

Religious Leader (Seasonal) April 2021 - April 2024
Islamic Center of Saginaw, Saginaw, MI
- Built relationships with 80 members via planning events, meetings, and communication.
- Consulted with customers to determine objectives and requirements for events, such planning meetings, key constituents, budget, and debrief meetings.
- Maintained records of event aspects, including financial details, membership, and success.
- Grew conflict resolution skills by monitoring event activities to ensure compliance with satisfaction of participants and resolution of any problems that arise.
